COMPUTER ZONE ANNOUNCES APPOINTMENT OF JAMES DUFRESNE AS DIRECTOR OF SALES

Recognized leader in sales, Dufresne to drive new business and expand sales
Rockingham, NC, November 8, 2010—Computer Zone, a leading provider of software and services for medical organizations, announced today the appointment of James Dufresne as Director of Sales for the company. Dufresne brings a wealth of sales experience and industry expertise into his new role.

Prior to his role at Computer Zone, Dufresne was a sales executive at WYNIT, Inc, where he continuously performed in the top ten percent of sales representatives throughout the company worldwide. At WYNIT Dufresne also received several Prospector of the Month awards, which was given to the sales executive who established the most new accounts billing over \$1000.

“We are so pleased to welcome James Dufresne into the Computer Zone family as Director of Sales,” said Sandy Huggins, vice president of Computer Zone. “With James’ wealth of experience and continued recognition as a sales leader, James will be a key element in maintaining and progressing Computer Zone as a leading provider of software and services for medical organizations.”
Computer Zone delivers complete end-to-end solutions that meet all the ARRA requirements for both hospitals and medical practices. These solutions include:

- * ChartAccess® EHR from Prognosis Health Information Systems for hospitals
- * SuiteMed™ IMS from Suitemed, LLC for the ambulatory environment
- * Expert technical support, training and implementation services to support hospitals, doctors and staff members.

Dufresne is a graduate of Clarkson University’s Technical Communications & MIS communications program.
