

# Seamless Collaboration with Connected Workspace

Empower your mobile workforce to succeed in and out of the office!

## Cloud-based workspaces are critical for the future of work!

Whether on the road, at home or in the office, cloud-based workspace solutions combine best-in-class communications technology with the power of the cloud to deliver an enhanced digital experience.

**30%**

Cloud-based workspaces improve productivity by up to 30%<sup>1</sup>

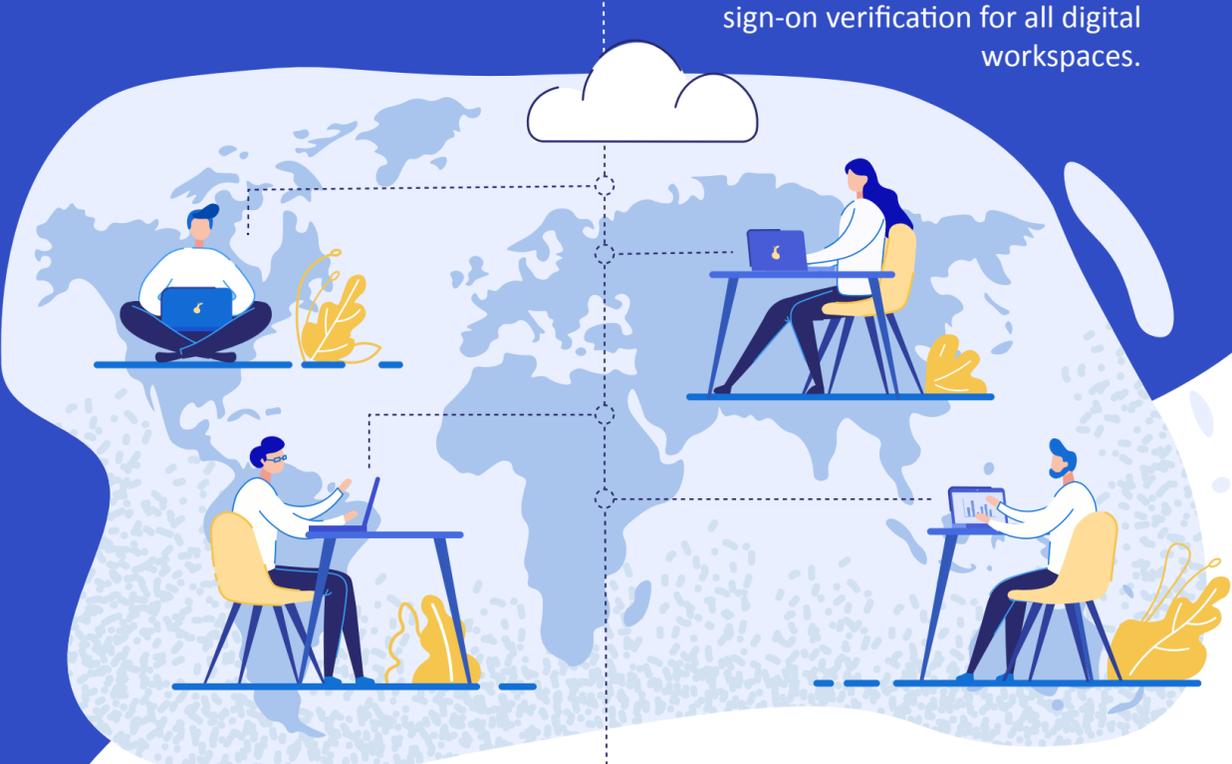

### CLOUD-NATIVE SOLUTIONS

Step into the cloud with integrated desktops, applications, workflows and collaboration tools that centralize communications and offer reliable connectivity to support remote and hybrid work.

### SECURE AND COMPLIANT COMMUNICATIONS

Enable secure access and enhance compliance by leveraging data security controls like multi-factor authentication and single sign-on verification for all digital workspaces.

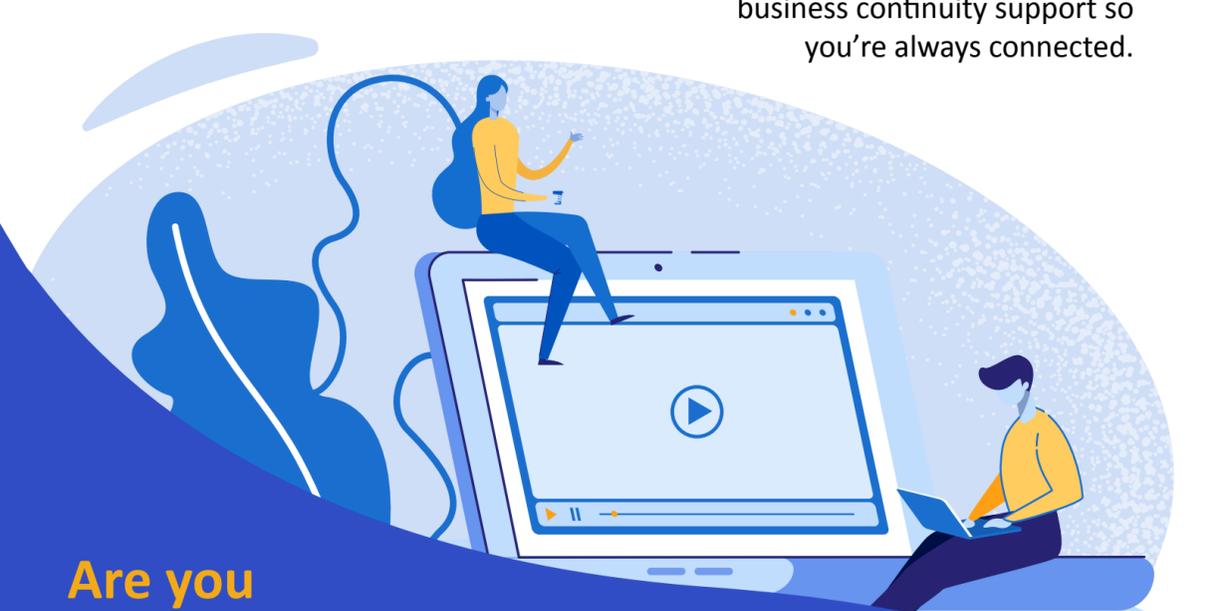

### GREATER FLEXIBILITY

With **no seat limit** and endless customization options, you can rapidly scale your cloud-based workspace to meet any business communication need.

### REDUCED IT COSTS

Cloud-based workspaces bring significant cost savings to your digital experience, including pay-as-you-go pricing that allows you to stick to a zero-based budget, fewer hardware implementations for your IT team to manage and business continuity support so you're always connected.

## Are you ready for the future of work?

Connected Workspace powered by Star2Star is an industry-leading cloud-based workspace solution that enables work-from-anywhere for your business. Empower your mobile workforce with the necessary collaboration tools and remote work solutions they need to succeed — all from one easy-to-use platform!
